# Ohio's Resource for Quality Care at Home

Established in 1965, the Ohio Council for Home Care & Hospice (OCHCH) is a non-profit association that represents the interests of health care at home providers in Ohio. OCHCH advocates for ethical, compassionate, and quality home and community-based care, as well as for the individuals and families our members serve. As the voice of health care at home, we strive to provide value, resources, and partnership for those who provide care for our most vulnerable citizens.

## Our Mission

As the leading industry voice, OCHCH is advancing industry standards by providing home and community-based organizations with the advocacy, education, and regulatory support they need to help ensure that patients receive the highest level of dignity, care, and respect.

## Our Vision

A world in which every person has access to health care where it matters most — at home.

## Education

OCHCH offers educational opportunities as part of a comprehensive set of tools and resources to support your agency's clinical skills, managerial operations, and regulatory requirements. From frontline caregivers to health care executives, OCHCH education programs ensure agencies have the tools they need to thrive.

## Advocacy

As the voice of health care at home in Ohio, OCHCH works together with our members to speak assertively and thoughtfully for the interests of the industry. OCHCH ensures our members' interests are protected and supported by working alongside legislators and other policymakers.

## Provider Support

OCHCH members get answers to the toughest compliance, reimbursement, and regulatory questions. Our Help Desk Online and our regulatory experts ensure members receive support for questions dealing with complex subjects.

## Educational Resources to Help Your Organization Thrive

OCHCH educational programs provide the expertise and thought leadership needed to advance how organizations operate to improve patient outcomes through exceptional quality care. Programs are designed to update providers about regulations, current issues, trends, and developments.

### Center for Excellence

Opened in 2014, the Center for Excellence provides an unparalleled opportunity to support the educational needs of home care and hospice agencies. Located in Columbus, the Center for Excellence hosts more than 40 workshops and events each year. A wide variety of webinars and on-demand webinar recordings are also offered on important topics impacting agencies.

- Workshops
- Webinars
- Webinar Recordings
- Regional Meetings

### Political Action Committee (PAC)

The OCHCH-PAC is an important part of our advocacy program to ensure the home care and hospice industry supports efforts to elect and keep champion policymakers in office. Our champions act as the cornerstones to advance policy that helps our industry and stop policy that inversely impacts our day-to-day practices.

### Take Action

Advocacy allows people to share their views on significant issues with public officials and is important to improving our industry. OCHCH is your voice at the Statehouse and in Congress, but we cannot do it alone. By joining OCHCH advocacy efforts, you can help protect the interests of your agency and industry. Every person can make an impact.

## Advocating the Interests of the Health Care at Home Industry

As the voice of health care at home in Ohio, OCHCH works together with our members to speak assertively and thoughtfully on behalf of the industry. OCHCH ensures our members' interests are protected and supported by working alongside legislators and other policymakers. Our goal is to work together to shape the future of health care at home.

### Annual Conference & Tradeshow

The OCHCH Annual Conference & Tradeshow is the largest gathering of home care and hospice professionals in Ohio, attracting hundreds of attendees and exhibitors each year. The conference provides a relevant, high-level learning opportunity that fosters professional development, allows attendees to network with their peers, and arms home care and hospice agencies for success.

# The Answers That Help Improve Business

OCHCH is committed to providing members with a comprehensive set of tools and resources to support your agency's clinical, managerial, and regulatory needs. Our members get answers to the toughest compliance, reimbursement, and regulatory questions about subjects such as:

- PPS
- OASIS
- PASSPORT
- Hospice Quality Reporting
- Survey issues
- And many more

## Provider Support

As the health care landscape continues to evolve, it is becoming increasingly challenging for providers to stay connected to important regulatory updates and industry practices. Help Desk Online provides an easy way for members to connect to resources and gain knowledge on crucial topics impacting their agencies. Help Desk Online provides access to:

- Toolkits about specific topics and issues
- Links to Medicaid and Medicare laws and regulations
- Claims and reimbursement resources and links
- Searchable topics through the member forums

## Center for Community Based Care

The Center for Community Based Care, our non-profit affiliate, supports the delivery of community-based care through public awareness and consumer education. By connecting families and individuals with the resources they need, they are able to receive the exceptional care they deserve.

## Career Center

Our Career Center offers a resource for providers to post their open positions and enables job seekers to search for career opportunities in home care and hospice.

# Connecting Patients with Exceptional Care at Home

OCHCH serves and supports those who provide quality, ethical, and compassionate home and community-based care to the benefit of all Ohioans. OCHCH connects individuals of all ages to tools and resources to help them remain in their homes.
